

Article 7 - Use of School Facilities and Equipment

Article 7 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the work place. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint or any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while teachers are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on a teacher in the work place or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, teachers are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the teacher commits a criminal drug or alcohol offense off the work place or off duty time.

As a condition of employment teachers will abide by the District's drug-free workplace policies and notify the Superintendent of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction. Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed for violations of the District's drug-free workplace policies. Sanctions may include the requirement that the teacher complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

Section 2 Smoke and Tobacco-Free Workplace

The use of tobacco products in the District's buildings and on school grounds, all owned or leased facilities and vehicles is prohibited.

Section 3 Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any teacher found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- a. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;
- b. The frame or receiver of any object described in the preceding example;
- c. Any firearm muffler or silencer;

Article 7 - Use of School Facilities and Equipment

- d. Any explosive, incendiary or gas (a) bomb, (b) grenade, (c) rocket, (d) missile, (e) mine, or similar device;
- e. Any bludgeon, sandclub, metal knuckles, or throwing star;
- f. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocket knife with a blade of 2-1/2 inches or more is a prohibited weapon. A switch-blade knife is prohibited regardless of size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
- g. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun; and
- h. A teacher may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than is typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A teacher who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.
- i. A teacher may possess an item which may be considered a weapon where such item is used for instructional purposes and the teacher has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.
- j. Any other object that is designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in a teacher's personal possession, as well as in a teacher's motor vehicle, desk, locker, briefcase, backpack, or purse.

Section 4 Use of District Computer Network and Internet

Teachers have access to the District's computer network and the Internet for the enhancement and support of student instruction. It is important to remember that the equipment and the software are the property of the school district.

In using the computers and the Internet, teachers are agreeing to the following:

1. Since copyright laws protect software, teachers will not make unauthorized copies of software found on school computers by any means. Teachers will not give,

Article 7 - Use of School Facilities and Equipment

- lend, or sell copies of software to others unless the original software is clearly identified as shareware or in the public domain.
2. If a teacher downloads public domain programs for personal use or non-commercially redistributes a public domain program, the teacher assumes all risks regarding the determination of whether a program is in the public domain.
 3. Teachers shall not access material that is obscene, child pornography or otherwise inappropriate matter for educational or work-related uses or contrary to the District's mission. Teachers are not permitted to knowingly access information that is profane, obscene or offensive toward a group or individual based upon race, gender, national origin or religion. Further, teachers are prohibited from placing such information on the Internet.
 4. Teachers will protect the privacy of other computer users' areas by not accessing their passwords without written permission. Teachers will not copy, change, read, or use another person's files. Teachers will not engage in "hacking" or otherwise attempt to gain unauthorized access to system programs or computer equipment.
 5. Teachers will not use computer systems to disturb or harass other computer users by sending unwanted mail or by other means.
 6. Teachers will not disclose their passwords and account names to anyone or attempt to ascertain or use anyone else's password and account name.
 7. Teachers will not attempt to login to the system as a system administrator.
 8. Teachers understand that the intended use of all computer equipment is to meet instructional objectives.
 9. Teachers will not waste or take supplies, such as paper, printer ribbons, toner, and diskettes that are provided by the District.
 10. Teachers will not use the network for financial gain or for any commercial or illegal activity.
 11. Attempts to bypass security systems on computer workstations or servers, or vandalism will result in cancellation of privileges and may result in further consequences. Malicious attempts to harm or destroy data of another teacher, or data that resides anywhere on the network or on the Internet, or the uploading or creation of computer viruses are forbidden.
 12. The District will not be responsible for any liabilities, costs, expenses, or purchases incurred by the use of the District's telecommunications systems such as the Internet. This includes, but is not limited to, the purchase of on line services or products. The teacher is solely responsible for any such charges. The teacher's acceptance of an email account is an acceptance of the teacher's agreement to indemnify the District for any expenses, including legal fees, arising out of the teacher's use of the system in violation of the agreement.
 13. The Internet will be supplied for your use on an "as is, as available" basis. The District does not imply or expressly warrant that any information you access will be valuable or fit for a particular purpose or that the system will operate error free.
 14. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
 15. The District reserves the right to refuse posting of files, and to remove files.
 16. The District further reserves the right to inspect a teacher's computer and computer usage at any time. Teachers have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet system.

Article 7 - Use of School Facilities and Equipment

17. The computer system is not a public forum. It is provided for the limited purpose of advancing the District's mission.
18. A technology protection measure is in place that blocks and/or filters Internet access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate. The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed district training by the on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of a building administrator. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

Any violation of any part of this agreement or any other activity which school administrators deem inappropriate will be subject to disciplinary action. Discipline could include but would not be limited to, the immediate suspension or termination of the teacher's Internet account and computer privileges, reprimand, suspension, or termination.

Section 5 Use of School Facilities

Teachers will be issued keys to the school. Teachers are expected to not lose their keys and to not allow others to have access to or to use their keys. Teachers are permitted to have access to school facilities during non-school time provided such access is for work-related purposes. When teachers leave the building, they are to close all windows, lock their classroom door, and make sure that the entry door is fully closed and locked. This is especially important when teachers are using the school facilities prior to the beginning of the school year and during any weekend or evening usage.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.), and school postage is to be used for approved school-related purposes only. Excess or surplus supplies or equipment, including items which have been placed in the trash, should not be removed for non-school use without approval from the administration.

Section 6 Care of School Property

Teachers are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or

Article 7 - Use of School Facilities and Equipment

repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 7 Use of Telephone

Personal telephone calls shall not be made during duty time except in the event of an emergency. Long distance calls on school telephones must be made from the office. You will need to promptly log long distance calls and be responsible for any charges which are for personal use.

Section 8 Visitors

Teachers are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the teacher. Visitors should follow posted procedures for being on school property. Teachers are not to bring their children to school with them in lieu of taking them to childcare.

Section 9 Salespersons

Teachers need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the teacher while engaged in the teacher's duties except for such times as may be designated by the Superintendent or designee. By law, the hours of no solicitation are between 8:30 a.m. and 5:00 p.m. on all days school is in session. If you are required to be at work earlier than 8:30 a.m., the hours are extended to that earlier time as well.

Teachers shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Teachers shall not use time for which the teacher is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 10 Security of Desks and Lockers

Offices, teacher desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a noninvestigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items a teacher wants to have kept private should be kept in a separate personal storage device, such as a brief case, purse or backpack.

The District is not responsible for any personal property teachers may bring to school. Teachers are cautioned not to bring large amounts of money or items of significant value to school.

Section 11 Video Surveillance

Article 7 - Use of School Facilities and Equipment

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 12 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 13 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 14 Lost and Found

Article 7 - Use of School Facilities and Equipment

Teachers who find lost articles are asked to take them to the office, where the articles can be claimed by the owner.

Section 15 Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Teachers are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. A representative from each bargaining group plus representatives appointed by administration serve on the committee. If you have a desire to serve on the committee, you should contact the President of the teachers association. Teachers can make suggestions and/or report concerns to the safety committee in the following ways: (1) contact the teachers association representative of the safety committee, (2) contact the President of the teachers association, or (3) contact the Safety Committee in care of the Superintendent.

Safety Practices

Guidelines for safe work practices which teachers should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, dipping cookies, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc. Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

Article 7 - Use of School Facilities and Equipment

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Use of Personal Vehicles

Teachers who drive school vehicles or volunteer to use their personal automobile to transport students must have permission from the superintendent and possess a valid driver's license and proof of insurance. Teachers will be provided a Driver's Certification form to verify this information and to be given instruction on emergency evacuation and first aid. Teachers who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Teachers are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident which results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the teacher responsible for the student either as teacher, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the teacher, the teacher is also responsible for making a report.

Workers Compensation

Teachers are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.
