Section 3 Anti-discrimination & Harassment Policy

Elimination of Discrimination

The Pierce Public Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination

Purpose: Pierce Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, the Pierce Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, national origin, gender, marital status, disability, religion or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment. Sexual harassment may exist when:

- o Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;
- o Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity

- decisions, such as admission, credits, grades, school assignments or playing time;
- The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.
- Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Pierce Public Schools. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Grievance Procedure for Persons with a Disability

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act address discrimination, harassment or failure to provide reasonable accommodations to persons with a disability. The following grievance procedure shall be used for resolution of complaints of alleged violations of the ADA or Section 504:

1. Complaints shall be filed with the ADA and Section 504 Coordinator. Complaints shall be made in writing, unless the Complainant's disability prevents such, in which event the Complaint can be made verbally.
2. Complaints shall set forth: (a) the name of the Complainant, (b) the address and telephone number or other such information sufficient to enable the Coordinator to contact the Complainant, (c) a brief description of the alleged violation, and (d) the relief requested by the Complainant.
3. Complaints shall be investigated by the Coordinator or the Coordinator's designee. Investigations shall be thorough, but informal, and the Complainant shall be given a full opportunity to submit evidence relevant to the complaint.
4. The Coordinator shall make a decision on the Complaint within thirty (30) days of

the filing of the Complaint, unless such time period is extended by agreement of the Complainant. The decision shall be made in writing, shall set forth the Coordinator's proposed resolution of the Complaint, and shall be forwarded to the Complainant.

5. The Complainant shall have ten (10) days from the date the Coordinator's decision is sent to the Complainant to accept or reject the Coordinator's proposed resolution, and shall be deemed to have accepted the proposed resolution unless the Complainant rejects the proposed resolution within such time period. In the event the complainant rejects the proposed resolution, the complainant shall be given the opportunity to file a request for reconsideration within the ten (10) days from the date the Coordinator's division is sent to the Complainant. The request for reconsideration shall be filed with the Coordinator. The Coordinator shall consider any additional information provided in the request for reconsideration and make a decision on the request for reconsideration within 10 (ten) days after the request for reconsideration was filed.

Section 5 Confidentiality of Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) gives parents and students over 18 years of age rights of access and confidentiality with respect to education records. Employees are expected to provide access rights and maintain the confidentiality of education records in accordance with FERPA and Board policy. Further information about FERPA and the District's policies under FERPA are found in Board policy and in the student handbook.

Section 6 Disclosure of Student Information to Military Recruiters and Colleges

The No Child Left Behind Act of 2001 requires the District to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that the school not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written consent. Employees are expected to follow these requirements.

Section 7 Disclosure of Staff Qualifications

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. The District designates the following information as "directory information" and will give parents/guardians such information upon request:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher, along with information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.
4. Whether the parent/guardian's child has been assigned, or has been taught for four or more consecutive weeks, by a teacher who does not meet the requirements of the NCLB.

Section 8 Student Privacy Protection

The No Child Left Behind Act of 2001 requires the District to protect the privacy of students. Further information about student privacy and the District's policies with regard to student privacy are found in Board policy and in the student handbook. In general, employees are expected to comply with these provisions of the NCLB and related Board policy, as follows:

1. Student surveys created by and administered by either the United States Department of Education or a third party (a group or person other than the District)—give parent/guardian the opportunity to inspect the survey upon request before the survey is administered or distributed to the students;
2. Student surveys which involve “sensitive” matters—make suitable arrangements to protect student privacy (that is, do not include the name or other identifying information about a particular student) and give parents the opportunity, in advance, to “opt-out” their child from the survey. Sensitive matters include:
 1. Political affiliations or beliefs of the student or the student's parent;
 2. Mental or psychological problems of the student or the student's parent;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating or demeaning behavior;
 5. Critical appraisals of other individuals with whom the student has close family relationships;
 6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 7. Religious practices, affiliations, or beliefs of the students or the student's parent;
 8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
3. Instructional materials—permit parents upon reasonable request to inspect any instructional material used as part of the educational curriculum for their child. The term “instructional materials” does not include academic tests or academic assessments for purposes of this parent inspection requirement. If you receive such a request, direct the parent to contact your building principal and also inform the building principal yourself about the request to get instructions.
4. Collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information—the District policy is to not gather such information for such purposes.

Section 9 Parental Involvement

General - Parental/Community Involvement in Schools

The District's policy is to welcome parental involvement in the education of their children. As a part of this policy, employees are expected to:

1. provide parents timely information about their child's progress, including use of quarterly report cards, active and constructive attendance at parent-teacher conferences, and more frequent parent contacts where warranted by the student's academic and behavioral needs;
2. make textbooks, completed tests and other curriculum materials available for

- review by parents upon request;
3. permit parents access to their child's records according to law and school policy;
 4. encourage parents to attend courses, assemblies, counseling sessions and other instructional activities with prior approval of the proper teacher, counselor or administrator, provided that such parent attendance be educationally appropriate and not disruptive to the educational program;
 5. assure that testing occurs to assure proper measurement of each child's educational progress and achievement;
 6. notify parents of student surveys in accordance with district policy, obtain parental permission for surveys where required by District policy or law, and allow parents to opt-out of such surveys in accordance with District policy and law; and
 7. encourage parents to express their concerns, share their ideas and advocate for their child's education.

Title I Parental Involvement

The District has a separate policy established pursuant to the No Child Left Behind Act of 2001 relating to parental involvement applicable to parents of children enrolled in Title I programs. The policy requires that parents of Title I children be given the opportunity to participate in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in the parental involvement policy. Employees are expected to comply with the Title I parental involvement policy.

Section 10 Homeless Students

The No Child Left Behind Act of 2001 requires that homeless students not be stigmatized or segregated on the basis of their status as homeless. Homeless children generally include children who lack a fixed, regular, and adequate nighttime residence. The Superintendent serves as the District's designated Homeless Coordinator and should be contacted for questions relating to a homeless student.

Section 11. Breakfast and Lunch Programs

The District participates in the National School Lunch Program. Employees are expected to keep information about the participation of students in the program confidential.

Section 12. Confidentiality of Protected Health Information

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. The District designates the Superintendent as its HIPAA privacy officer. Student and employee records containing PHI shall be accessible only to those who require such information to carry out their duties.
