WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook that you must read, sign, and return no later than September 1, 2021

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Trent Suehl
Elementary Principal

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

Notice of Nondiscrimination

The school district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies:

Kendall Steffensen
Superintendent

BELIEF STATEMENTS

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when temporary illness or severe weather conditions make attendance impossible or impracticable.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using

the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student or of a child whom the student is parenting (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student or for a child whom the student is parenting
4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

Excessive Absenteeism

When a student receives 10 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 20 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Absences due to illness

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or prearranged absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

Band

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Students in grades 7-8 may participate in the middle school band; grades 9-12 may participate in the high school band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Pierce Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Bulletin Boards

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate

board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.

2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray on to the correct container.

Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!

3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students should remain at their tables until they are dismissed.
7. Parents who wish their child to eat lunch away from school must provide a written authorization to the student's building principal.
8. Students must treat lunch personnel with respect.
9. Students who violate the above rules will be disciplined.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Students must comply with each teacher's classroom rules regarding cell phone use in class.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy will have their cell phones or other electronic devices confiscated immediately. The administration will return confiscated devices to the offending student's parent or guardian after meeting with the parent or guardian to discuss the violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data

transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging,

or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Closed Campus

Students may not to leave the building without permission from the administration. Students may leave campus to go home for lunch if they have secured their parents' written permission and submitted it to the office.

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear overshoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or

condition not otherwise specified in board policy or this handbook, please call Amy Miller, School Nurse at 402-329-4302.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.

- a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the staff member involved.
 - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant to determine:
 - 1) All relevant details of the complaint;

- 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
- 4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint, he or she may appeal the decision to the superintendent.
 - a) This appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
 - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.
- 5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint, he or she may appeal the decision to the board.
 - a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the

complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.

- d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
 - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

No Retaliation.

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities.

Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings.

The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational

resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.
5. Students may use the Internet for appropriate educational purposes.

B. Unacceptable Use

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.
2. Students shall not engage in any illegal or inappropriate activities on school computers, including the downloading and copying of copyrighted material.
3. Students shall not use e-mail, chat rooms, instant messaging, or other forms of direct electronic communications on school computers for any unauthorized or unlawful purpose or in violation of any school policy or directive.
4. Students shall not use school computers to participate in on-line auctions, on-line gaming or mp3 sharing systems including, but not limited to Aimster or Freenet and the like.
5. Students shall not disclose personal information, such as their names, school, addresses, or telephone numbers outside the school network.
6. Students shall not use school computers for commercial advertising or political advocacy of any kind without the express written permission of the system administrator.
7. Students shall not publish web pages that purport to represent the school district or the work of students at the school district without the express written permission of the system administrator.
8. Students shall not erase, rename, or make unusable anyone else's computer files, programs or disks.
9. Students shall not share their passwords with fellow students, school volunteers or any other individuals, and

- shall not use, or try to discover, another user's password.
10. Students shall not copy, change or transfer any software or documentation provided by the school district, teachers or another student without permission from the system administrator.
 11. Students shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called, but is not limited to, a bug, virus, worm, or Trojan Horse.
 12. Students shall not configure or troubleshoot computers, networks, printers or other associated equipment, except as directed by a teacher or the system administrator.
 13. Students shall not take home technology equipment (hardware or software) without permission of the system administrator.
 14. Students shall not falsify electronic mail messages or web pages.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. Students will not be permitted to return to school until the district finds that no live lice, eggs, or nits can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is Kendall Steffensen who may be contacted at 402-329-4677.

Using a systemic approach that includes all students, staff, parents, and settings, PBiS creates safer and more effective schools. Expected behaviors are defined, taught, and randomly reinforced; desired behaviors increase and unwanted behaviors diminish. PBiS has met with resounding success nationwide and in Nebraska.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate

conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Students are responsible for using the devices safely and as instructed.
- 3. Personal or Consumable Items.** The district does not provide students with personal or consumable items for participation in courses and activities including, but not limited to, pencils, paper, pens, erasers, and notebooks. Students who wish to supply their own personal or consumable items may do so, as long as those items comply with the requirements of the district. The district will provide students with facilities, equipment, materials, and supplies, including books. Students are responsible for the careful and appropriate use of such property. Students will be charged for damage to school property caused by the student and will be held responsible for the reasonable replacement cost of any school property that they lose.
- 4. Materials Required for Course Projects.** The school district will provide students with the materials necessary to complete all basic curricular projects. In courses where students choose to produce a project that requires materials beyond the basic materials provided by the district, the students will either furnish the materials, purchase the materials from the school, or purchase the materials from an outside vendor with an order form provided by the school.
- 1. Technological Devices.** The district will provide students with the technological devices necessary to complete all basic curricular projects. To the extent that a student is not required by the district's curriculum to utilize a device off district property, the district may charge students a convenience fee to take the device off district property.

As with all school property, students may be charged for damage to such devices. To protect against such potential losses, students and parents may, but are not required, to purchase insurance coverage for the devices. The maximum dollar amount of this insurance coverage facilitated by the district will be \$50. The district may also charge a

damage deposit which will be returned or may be rolled to cover the damage deposit for the next year if it is not needed to cover the costs of any damage to the device. The maximum dollar amount of this damage deposit will be \$1,000.

Additionally, the district may allow students to purchase technological devices by arranging for the students to purchase these devices through a single, or series of, payments.

- 2. Extracurricular Activities.** The school district may charge students a fee to participate in extracurricular activities to cover the district's reasonable costs in offering such activities. The district may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of district-owned equipment or attire. Attached to this policy is a list of the fees charged for particular activities. The coach or sponsor will provide students with additional written guidelines detailing the fees charged, the equipment and/or clothing required, or the usage fee charged. The guidelines will explain the reasons that fees, equipment, and/or clothing are required for the activity.

The following list details the maximum dollar amount of all extracurricular activities fees and the specifications for any equipment or attire required for participation in extracurricular activities:

- Student Activity Card: \$25.00
 - Covers admission to all extracurricular events
- Student Participation Fee: \$250.00
 - Required of all students who participate in athletics and/or other extracurricular activities
 - Students must provide their own personal items such as undergarments, shoes, mouth guards, golf clubs, softball gloves, FFA jackets,
- Class or Club Dues: \$25.00

- 3. Post-Secondary Education Costs.** Some students enroll in post-secondary courses while still enrolled in high school. As a general rule, students must pay all costs associated with such post-secondary courses. However, for a course in which students receive high school credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the district shall offer the course without charge for tuition, transportation, books, or other fees. Students who chose to apply for post-secondary education credit for these courses must pay tuition and

all other fees associated with obtaining credits from a post-secondary educational institution.

- 4. Transportation Costs.** The district will charge students reasonable fees for district-provided transportation services to the extent permitted by federal and state statutes and regulations. The maximum dollar amount of the transportation fee charged by this district shall be \$2.00 per mile.
- 5. Copies of Student Files or Records.** The school district will charge a fee for making copies of a student's files or records for the student's parents or guardians. The Superintendent or the Superintendent's designee shall establish a schedule of student record fees. Students' parents have the right to inspect and review the students' files or records without the payment of a fee, and the district shall not charge a fee to search for or retrieve any student's files or records. The district will charge a fee of 25 cents per page for reproduction of student records.
- 6. Participation in Before-School, After-School or Pre-Kindergarten Services.** The district will charge reasonable fees for participation in before-school, after-school or pre-kindergarten services offered by the district pursuant to statute.
- 7. Participation in Summer School or Night School.** The district will charge reasonable fees for participation in summer school or night school and may charge reasonable fees for correspondence courses. The maximum dollar amount for summer and night school shall be \$250.
- 8. Charges for Food Consumed by Students.** The district will charge for items that students purchase from the district's breakfast and lunch programs. The fees charged for these items will be set according to applicable federal and state statutes and regulations. The district will charge students for the cost of food, beverages, and the like that students purchase from a school store, vending machine, booster club or from similar sources. Students may be required to bring money or food for field trip lunches and similar activities.

The maximum dollar amount charged by the district for the breakfast and lunch programs are determined on a yearly basis.

- 9. Charges for Musical Extracurricular Activities.** Students who qualify for fee waivers under this policy will be provided, at no charge, the use of a musical instrument in optional music courses that are not extracurricular activities. For musical extracurricular activities, the school district will require students to provide the following equipment and/or attire:
 - Band students must provide their own instruments.

- Swing choir students must purchase outfits and shoes selected by the sponsor and/or student group. The maximum dollar amount charged by the district for these materials will be \$250.

10. Contributions for Class Extracurricular Activities. Students are eligible to participate in a number of extracurricular activities during their years in Junior/ Senior High school, including prom, various senior recognitions, and graduation. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund beginning in seventh grade. This contribution is completely voluntary. Students who chose not to contribute to the class fund are still eligible to participate in the extra activities. The suggested donation to the class fund will be \$10 to \$25 per year.

Waiver Policy.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal. Application forms are available in each school building office.

Voluntary Contributions to Defray Costs.

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Student Government

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than September 1, 2021.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Schedule Changes

Student schedule changes may be made without penalty during the first three days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. After four tardies to school, the student and parents will be required to meet with the principal to discuss the situation.

Telephone Calls

The school's telephone may be used only with permission of staff.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to

immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of distinguishing “transient” threats from serious ones in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student’s educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive

or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The superintendent may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the law enforcement unit determines to be reasonable and useful.
- The superintendent must confer with at least one member of the school's guidance counseling staff as part of his/her investigation. If the threat has been made by, or is directed towards, a student with a disability, the superintendent must confer with a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate.

At the conclusion of the investigation, the superintendent will determine what, if any, response to the threat is appropriate. The superintendent is authorized to disclose the results of his/her investigation to law enforcement and to the target(s) of any threatened acts. The superintendent may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of his/her investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

4. Communication with the Public about Reported Threats

To the extent possible, the superintendent will keep members of the school community informed about substantive threats and about the District's response to those threats. This communication may include oral announcements, written communication sent home with students, and communication through print or broadcast media. However, the superintendent will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

5. Coordination with the Crisis Team After Resolution of Threat

The superintendent will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School's Safety Plan.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) **Rules of Conduct on School Vehicles:**

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students

who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Video Surveillance and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Unless otherwise authorized by board policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies. For example, students are not prohibited from making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on the school's notification system and several media outlets. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the elementary office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office.

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

Report Cards

Report cards are sent home the week following the end of the nine-week reporting period. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation,

or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are 30 minutes, served in the central office or the detention room designated by the building principal.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student and the student's parent or guardian, describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the

student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.

4. Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions: all assigned work completed upon return from suspension.

Weapons and/or Firearms

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the

student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall provide either an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

4. Nothing in this policy shall preclude the student, student's parents, guardian, or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage.
5. If a hearing is requested within five days after receipt of the notice, the Superintendent shall appoint a hearing officer who shall follow the "hearing procedures" outlined below.
6. If a hearing is requested more than five school days following the receipt of the written notice, but not more than thirty calendar days after receipt, the Superintendent shall appoint a hearing officer who shall follow the "hearing procedures" outlined below, except that the time constraints set forth may differ as provided by law and this policy. The student shall be entitled to a hearing but the consequence imposed may continue in effect pending final determination.
7. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.

(NEB. REV. STAT. § 79-254 to 79-294). The school district will provide parents with copies of the relevant statutes upon request.

SECTION FOUR

Title IX Policy

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

1. Title IX Coordinator

1.1. **Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the "**Title IX Coordinator.**" The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

2. Definitions. As used in this policy, the following terms are defined as follows:

2.1. **Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

2.2. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

2.4. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

2.5. **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

- 2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
- 2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;

2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:

2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.

2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

- 2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
 - 2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse by a person at least nineteen years of age with a person who is under sixteen years of age
- 2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a)(10), which means violence committed by a person—
 - 2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - 2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - 2.6.4.2.1. The length of the relationship.
 - 2.6.4.2.2. The type of relationship.
 - 2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.
- 2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
- 2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
 - 2.6.6.1. fear for his or her safety or the safety of others; or
 - 2.6.6.2. suffer substantial emotional distress.

2.7. Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

3. Discrimination Not Involving Sexual Harassment.

3.1. General Prohibition. Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

3.2. Specific Prohibitions. Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

- 3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
- 3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- 3.2.3. Deny any person any such aid, benefit, or service;

- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

3.3. **Complaint Procedure.** All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district’s general complaint procedure.

4. **Response to Sexual Harassment**

4.1. **Reporting Sexual Harassment.** Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District’s Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

4.2. **General Response to Sexual Harassment.** When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy “education program or activity” includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district’s response will treat complainants and respondents equitably by offering supportive measures as defined in subsection 2.7 above to a complainant, and by

following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

4.3. Emergency Removal. Nothing in this policy precludes the district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

4.4. Administrative Leave. Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

4.5. General Response Not Conditioned on Formal Complaint. With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

5. Grievance Process for Formal Complaints of Sexual Harassment.

5.1. General Requirements.

- 5.1.1. Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to

restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

5.1.2. **Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

5.1.3. **Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

5.1.4. **Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

5.1.4.1. **All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

5.1.4.2. **Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

5.1.4.2.1. The definition of sexual harassment in subsection 2.6;

5.1.4.2.2. The scope of the district's education program or activity;

5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and

informal resolution processes, as applicable;
and

5.1.4.2.4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection 5.6.

5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.

5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.

5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.

5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

5.2. **Notice of Allegations.**

5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:

5.2.1.1. A copy of this policy.

5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review evidence under subsection 5.5.5. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

5.3. **Dismissal of Formal Complaint.**

- 5.3.1. The district will investigate the allegations in a formal complaint.
- 5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:
 - 5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;
 - 5.3.2.2. Did not occur in the district's education program or activity; or
 - 5.3.2.3. Did not occur against a person in the United States.
- 5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:
 - 5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
 - 5.3.3.2. The respondent is no longer enrolled in or employed by the district; or
 - 5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
- 5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.
- 5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

5.4. **Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same

facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

5.5. Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will:

- 5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;
- 5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);
- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

5.6. Exchange of Written Questions. After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

5.7. Determination Regarding Responsibility

- 5.7.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).
- 5.7.2. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:
- 5.7.2.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;
 - 5.7.2.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
 - 5.7.2.3. Findings of fact supporting the determination;
 - 5.7.2.4. Conclusions regarding the application of the district's code of conduct to the facts;
 - 5.7.2.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
 - 5.7.2.6. The district's procedures and permissible bases for the complainant and respondent to appeal.
- 5.7.3. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.
- 5.7.4. The Title IX Coordinator is responsible for effective implementation of any remedies.

5.8. **Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

5.8.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within three calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.8.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.

5.8.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:

5.8.2.1. Procedural irregularity that affected the outcome of the matter;

5.8.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

5.8.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

5.8.3. As to all appeals, the district will:

5.8.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;

5.8.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or

dismissal, the investigator(s), or the Title IX Coordinator;

5.8.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.

5.8.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;

5.8.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and

5.8.3.6. Provide the written decision simultaneously to both parties.

5.9. **Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

5.9.1. Provides to the parties a written notice disclosing:

5.9.1.1. The allegations;

5.9.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

5.9.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and

- 5.9.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- 5.9.2. Obtains the parties' voluntary, written consent to the informal resolution process; and
- 5.9.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

5.10. Recordkeeping.

- 5.10.1. The district will maintain for a period of seven years records of:
 - 5.10.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;
 - 5.10.1.2. Any appeal and the result therefrom;
 - 5.10.1.3. Any informal resolution and the result therefrom; and
 - 5.10.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.
- 5.10.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly

unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

6. **Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

7. **Access to Classes and Schools.**

7.1. **General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

7.1.1. **Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

7.1.2. **Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

7.2. **Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

8. **Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be

treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

8.1. **Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

8.2. **Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams will not constitute noncompliance with this section.

9. **Certain Different Treatment on the Basis of Sex Permitted.** Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

10. **Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

10.1. **Specific Circumstances.**

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

11. **Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

12. **Publication of Policy.** The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

13. **Application Outside the United States.** The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

14. **Scope of Policy.** Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.
