

Pierce Changes Livestreaming Service

Before the winter season started, Pierce Public Schools switched livestreaming services. With this switch, most livestreamed activities the school offers will be pay-per-view. Since Pierce started livestreaming during Covid, the school set up free streaming through STRIV. With the rising cost of expenses and lower attendance at activities, revenue has fallen in our activities fund. HUDL has started a new pay-per-view option that gives schools the opportunity to livestream games. With each pay-per-view subscription (single game, monthly, or yearl) received, 60% of the revenue goes to Pierce activities fund. A link has been added to the Pierce Public homepage: <https://www.piercepublic.org/>. On our website, it is the last quick link on the right-hand side. On an Apple mobile device, there are three little dots on the top right-hand side of the page. This will take you to the quick links. Other mobile devices may vary.

JV basketball games and concerts are currently free. Also, only games at the high school will be livestreamed at this time. Below are the prices:

Single Game \$8.00 (If you do it this way, you will pay \$8.00 for the girl's varsity game and \$8.00 for the boy's varsity game.) (OKAY)

Monthly pass - \$15.00. You get access to all Pierce games for one month. (BETTER)

Yearly pass - \$75.00. You get access to all Pierce games for one year. (BEST)

With your monthly and yearly pass, you can watch when our teams are on the road, if the away school is using the same livestreaming service; team1sports.com
